

NAOMI

"THE FIXER"

Based on a number of YouTube arcade hardware experts as viewed through a romantic comedy lens, Naomi carries the tools of the trade on her work apron and keeps things casual and loose. Early designs had too much console game iconography; Naomi's heart is with arcade pixels and tokens.

MR. MOOPY'S MAGIC MAZE

Harkening back to classic maze games of the eighties, this mixes up the formula by using modern rogue-lite mechanics. Moopy has to find the key to escape the level, yes, but hitting the high score before the kill screen requires careful potion use and clearing out as many monsters as possible. And if you gotta pee... just burn some extra lives, you know?

An unused early draft, which wasn't quite mazelike enough.

APARTMENT

Be it ever so humble, there's no place like home. The apartment the player and Juniper share went through a few passes for the right camera angle before being finalized.
